PROGRAM OVERVIEW

The Rayaldee® Patient Assistance Program (PAP) is designed to provide **Rayaldee®** at no cost to patients who are uninsured or functionally uninsured and are financially distressed. Patients are required to complete the PAP Application and provide such to OPKO Connect, along with the necessary proof of income documentation. This program can be modified or terminated at any time without notice by OPKO Renal, a division of OPKO Health, Inc.

Program Eligibility

Patients are eligible if they:

- **Are a U.S. citizen or legal resident**
- **Have no insurance or are functionally uninsured**
- **Are willing to work with OPKO Connect to identify and apply for additional insurance coverage or assistance that may be available to them**
- **Meet the income requirements based on the then-current Federal Poverty Level guidelines**
- **Are being prescribed Rayaldee for on-label usage**

Any changes in insurance coverage and/or financial circumstances while enrolled in the program may affect the patient's ability to continue to receive free product via the patient assistance program. Patients must re-apply for program eligibility at the end of each calendar year.

Rayaldee® is indicated for the treatment of secondary hyperparathyroidism in adults with stage 3 or 4 chronic kidney disease and serum total 25-hydroxyvitamin D levels <30 ng/mL.

Program Enrollment Process

To initiate the enrollment process, the office simply needs to:

- **Visit the OPKO Connect Resources page at www.Rayaldee.com**
- **Download and complete the Rayaldee® Service Request Form (SRF)**
  - o If a completed SRF has already been submitted for Benefits Investigation Support, a new form will not be required; the patient will automatically be assessed for eligibility when appropriate
- **Fax the completed form to OPKO Connect at 1-844-660-7083**

What to expect next:

- **Upon receipt of the SRF, a Rayaldee® Support Specialist will contact the patient to introduce them to the program and walk them through the enrollment process**
  - o The patient will be asked to complete the Patient PAP application, which can be mailed to them or obtained online, and to submit this to OPKO Connect along with the required financial income documentation
- **Once an eligibility determination has been made, both the patient and the health care provider's office will be informed of the patient's ability to participate in the program**
